Join Dr. Roberts for Lunch and learn how a natural holistic approach to treating your body can relieve pain; even pain that you have had for years! Dr. Roberts, a chiropractic physician, wants senior citizens to learn how to take back their health and not only rely on taking strong pain medications to manage their pain. Dr. Roberts has improved the lives of many senior citizens by using massage, nutrition, gentle chiropractic treatment to take away aches and pains.

Pain does not have to be part of you golden years!
